Espiritu Santo Parochial School, Manila

June 2004 - March 2007

Mater Carmeli School , Quezon City

June 1997 - March 2003

ABOUT ME

I'm a full-stack web developer with a passion for development and bringing ideas to life. Excited about my skills and trailing my journey of learning. I want to learn new technologies in order to solve more problems and bring more value to the industry while working on building bigger ideas and solutions. I consider work an ongoing education and I'm always looking for opportunities to work with those who are willing to share their knowledge as much as I want to learn.
